Mid-Year Report

By: President Dinesh Sharma

President Dinesh Sharma

Following is an extract of President Dinesh Sharma's report presented at the Annual General Meeting held on Wednesday, 16th December 2020

"Fellow Rotarians, it is difficult to believe that current Board will be reaching mid-year mark in two weeks' time and here I am presenting mid-year report while next year's Board has been introduced just a while ago by President Elect See Mee Lee.

Going back, who would have imagined at least not me, that my installation as President of Rotary Club of Singapore will be virtual and club meetings will follow as well and likely to be up to end of the Rotary year. We took the challenge in our stride and started finding ways to make the best out of the situation being virtual. There are always opportunities out of this adversity. I am confident to say in most areas we have achieved much better than we could have done in pre Covid 19 environment, only exception being International Service as we are unable to travel. Although global grant projects in first six months of the Rotary year have far exceeded any previous time of six months. The skepticism turned into positive right from installation of the President which was customized to physical protocols using special software integrated with Zoom technology and we had great attendance.

We are spot on our plans we presented on 1st of July 2020 during first Club Assembly. We have completed many of our projects and activities and elsewhere it is a work in progress. There have been interruptions on and off from the beginning, slowed down the process and affected the progress in achieving our targets. We remained focused on our mission keeping the interest of the Club on the top. I must give my heart felt and sincere thanks to many of the members, more so my seniors who have communicated their appreciation of our work we are doing under the circumstances. Thank you so much.

Our mission as stated in the beginning of the year is to strengthen our Club to generate lasting impact from our work while creating inspiring experience for our members engaging them with a sense of purpose and fulfillment.

Our focus remains #1 To strengthen our Club #2 Impactful community project #3 Inspiring experience #4 Engagement of the members. I will summarize how we have performed in each of these areas.

To implement our plans and strategies we formed Club committees to carry out implementation.

#1.Club Administration with our Honorary Secretary Brigitte Holtschneider as Chair. #2. Membership and TRF, With VP Suresh Keerthi as chair, #3 Public Image, Chair Director Sonali Sinha, #4 Club Rotary Foundation Committee (CRFC) with PP Tapan Rao as Chair.

In Focus

Mid-Year Report... *contd.*

Finally our established Service Committees, CSC, VSC ISC, and YSC #6 Finance Committee, yet to be formed.

Club administration - After 25 years of service to our Club we managed graceful exit of Ivy Yew our employee in Club secretariat, paving the way to planned digitalization of our secretarial work and accounts. We were lucky to find Linda Lim as Executive accounts and administration and decided to take over the accounting from outsourced company. It will allow us to produce audited accounts in time in the future.

If last year's accounts are ready and transferred to us by previous Board, by end of January 2021, we will try to achieve first interim closing of accounts on 31st March and final on 30th June 2021. We should be able to transfer full accounts to new Board by end of July 2021 or earlier. I urge members to visit Rotary office and see the efficient team and the improvement in environment.

We have separated Club and Service meetings which used to be combined on Wednesdays. The Service meetings are back on Thursdays and these are well attended, and Committee Chairs can use one hour focusing on service projects and activities, the Club meetings are for one and half hour from 7 to 8.30 pm including some fellowship. There is significant improvement in attendance even without having two meetings together.

Week after week we have given you inspiring speakers, talking on current and relevant topics. It has been possible due to formation of speaker subcommittee from the beginning instead of just Rotarian Joseph Chia who handled this activity by himself and remains one of the key members and helps in finding good speakers. As a result, attendance in weekly meetings has increased between 52 and 67. On two occasions, the number of attendees exceeded 100 up to 124 due to the speakers.

KYFR, Know Your Fellow Rotarians, new program introduced this year is gaining popularity. We are presenting you every week, one of our members who speak about himself, his vocation and Rotary life plus engagement in the social work. The successful program supersedes the classification talking in past which could not be sustained more than couple of weeks. The members find it engaging, getting to know fellow Rotarians, and finding the gems, and unsung heroes among fellow members.

We still need to improve system and processes and re-engineer in some areas, and it is planned in the next half of the year.

One of the most important areas to strengthen our Club is the membership. It is the members who make the Club. The membership growth which remains stagnant, renewal process with diverse membership, induction of youth and women are of paramount importance. I can say with pride what has already been achieved so far. Starting from 146 members on 1st July 2020, we have inducted 15 new members, two prospects are ready for induction on 6th of January 2021, and four were approved today by MC&D Committee to be inducted on 13th or 20th January 2021. Six more prospects are attending our meetings to pre-qualify for approval. We are maintaining diversity of professions, vocation, nationalities, race, and age. We have added two members at the age below 30 years and others are less than 50 years. The average age of club members has dropped from 58 years to 53. Most

of the new members are attending weekly Club meetings and participating in respective service committees and other events like Jolly walks on Sundays.

To attract members we are successfully creating pull factors rather than push, by good publicity, regular updates on website, prospecting through LinkedIn and Facebook and prompt and regular communication by our Membership chair and VP Suresh Keerthi, who meets them physically and keeps communicating after the induction.

All is not well, we still have significant number of members not attending meetings, nor participating in activities now and even in previous years while a small group is keeping off from weekly meetings. Our team will work on this in second half of the year and we will try to get these inactive members to become active as far as possible.

I wish to thank all members of MC&D which is now a Club committee with all Past Presidents, IPP and PE as members, for efficient handling of classification, approval, and Rotary information for new members.

We have an active committee on Public Image with Director Sonali Sinha as Chair. We created E file on the Club which can be sent to new prospects or anyone who wants to know about our Club just by a click. The website and social media updates are regularly done, and several other initiatives are in progress.

For the first time we established Club Rotary Foundation Committee with PP Tapan Rao as chair, which is open to members like any other committee. Global grants can be applied for local projects as well by all Service Committees.

Since July 2020, 19 global grants have been approved valued at US dollars 1.3 million and six more projects have been submitted for approval. We have received 6 PHF commitments, two pledged and two Major Donors, one of them being a new member so far. We have targeted 100% EREY this year, and will put our best efforts to achieve it.

Polio challenge was successful program in raising funds for End Polio by step up program and weekly walks attended by members. I would like to thank Rotarian Adnan Ansari for successful initiative in raising funds for end polio and starting weekly walks.

We are continuing with weekly walks renamed as jolly walks where members are exploring new parks on Sundays unseen by many of us and enjoying fellowship with all safety measures being followed.

We have planned many reforms as reported earlier; most of these are in progress. We are in process of adopting 2019 Club Constitution in coming week or two as it is delayed due to RI review of some clauses added in compliance with Registry of Societies (ROS). It will be followed by implementation of strategy report, changes in bylaws and SOP.

Being the leading Club in the District, we need to set an example and work along with Rotary International with implementation of 2019 Constitution, which is mandatory.

Mid-Year Report... *contd.*

Finally, our interface with the community is with the Service Committees, I must say despite COVID-19 restrictions they have done remarkable work details of which will be presented at the Club Assembly.

Our Community Service Committee, Director Dr Irina as chair and her team have clocked in substantial volunteering days in service of local communities. These include volunteer visits at Willing Hearts by 12 to 15 Rotarians for consecutive two weeks, monthly distribution of bags from Food from Hearts to the residents of assigned HDB blocks for the seniors in need. The latest project is Green Hub recycling where our Rotarian volunteers help in rehabilitation of Sungei Street vendors who were displaced during development of the area.

Vocational Service Committee with Director Siew Luen as chair is working on two impactful projects. First is skill development for ex-offenders and the second is Career development for students with special needs at Singapore Polytechnic. The Artisan Award is progressing well except the EYA-The Entrepreneur of the Year Award which is not likely to happen due to COVID-19.

International Service Committee with Director Varun as chair have restrictions on overseas project due to no overseas travel, but they have carried out several initiatives in raising funds and transferring to those who need most through sister clubs and other Rotary clubs in the region. Some of these are, S\$ 3000.00 to Rizal West for Batang Batad matching challenge, RM project in Malaysia, contribution of MYR 10,000.00, Lebanon disaster Relief Fund through local NGO, supply of 50 boxes each of US dollar 35 for medicine and essentials, Contribution of MYR 38,000.00 to RC Likas Bay for Sabah COVID-19 response fund.

Youth Service Committee with Dr Ganesh Ramalingam as chair, has many feathers in their cap, 1st ILTC 2020 in July, first ever online camp was successfully organized. Accendo mental health project transiting from phase two to phase three, Clean Hands ASEAN project is good expansion mode. We have almost finalized MOU with Rotaract Clubs to ensure Rotaractors decide carefully and remain with us in view of new RI regulations. A new project of mentoring Rotaractors in career choices is being piloted.

We had several requests and opportunities to join various Rotary alliances. After careful thought and approval of the Board decided to join JWD, John Wheeler Davidson an international group of 13 Rotary clubs in 12 countries which were founded and chartered by John Davidson. We have joined Synergy Rotary friendship Alliance of 13 clubs from Afghanistan, Bangladesh, Bhutan, India, Indonesia, Malaysia, Nepal, Pakistan, Philippines, Singapore, and Sri Lanka. We are representing all the clubs from District 3110 in this synergy and friendship alliance. DG Rajamohan Munisamy introduced RC Singapore in the last meeting which was held on 13th December 2020, attended by 380 participants and RI President Holder Knaack as the keynote speaker.

In closing, I am pleased to state that that we are on the right track and will present further reports on our progress in third club assembly on 27 January 2020. Thank you!"

ADOPTION OF THE MAJOR PROJECT FOR 2020/2021

Covid-19 Major Project

“Alone we can do so little; together we can achieve so much more.”

Willing Hearts Project Introduction

While Singapore's GDP per capita of **US\$65,233** (2019) places it high in global economic rankings, those in the bottom **10%** of households bring home an average of only \$597 per month per household member. This situation will be further exacerbated by a growing aging population. In 2050, the percentage of the population of Singapore above the age of 65 was forecasted to be at **33%**, making up a third of the population.

Since 2005, Willing Hearts, a secular and non-affiliated charity wholly run by volunteers, has been providing daily free meals to the underprivileged and the needy in Singapore. For more than 18 years, Willing Hearts Kitchen has been preparing up to 8,000 meals per day, throughout the year for 365 days. These efforts are however insufficient to help the ever-expanding underprivileged group. This year, the pandemic has worsened the situation for communities at large. Thus, Willing Hearts started the initiative to increase meals up to 20,000 per day. The Rotary Club of Singapore (RCS), with more than 90 years of commitment to act on sustainable projects, decided to play a pivotal role in this initiative. The RCS intends to provide kitchen equipment for the MAIN kitchen as a first step to significantly increase the number of daily meals and to offer long-term support in many more aspects for years to come, ensuring the sustainability of this project.

Project Impact

-  Increase free meals from 8,000 up to 20,000 per day to help more under privileged people during this difficult time
-  A lighthouse project by the Rotary Club of Singapore to support communities during the coronavirus crisis
-  A sustainability project paving the way for the use of renewable energy and digitalization to optimize the delivery of free meals

Scope of Supply & Cost

-  Equipment with highest international standards
-  Equipment market value over S\$300,000
-  Equipment discounted price for Rotary S\$247,000

Rotary
Club of Singapore

As announced in the weekly meeting of 9th December, President Dinesh spoke of the proposed Major Project for the year and the Club's relationship with the beneficiary, Willing Hearts, which required a central kitchen to cope with the increased need for meals particularly during the Covid pandemic.

He introduced the Major Project team – Rtn Dr Chan Siew Luen (Chair), Rtns Tom Wolf, Subhash Pritmani, PPs Stan Low and Tapan Rao. President Dinesh called upon Rtn Siew Luen who gave a summary of Willing Hearts background and charity status as well as an overview the Major Project requirements. Rtn Tom Wolf was also called upon to give more information about the kitchen facilities to meet the needs for a high safety quality and in respect of the diverse cultural differences.

To end the presentation, President Dinesh showed a short video on Willing Hearts and the proposed Major Project. President Dinesh called on members to adopt the Major Project which was proposed by PP Perlita Tiro and seconded by Honorary Secretary Brigitte Holtschneider. The Major Project was accepted with no objections from members present. President Dinesh called on all members to contribute and make the Major Project successful.

Members were informed that while Willing Hearts was a Charity it did not have IPC status as yet, so as not to have any future misunderstanding with regards to tax exemption.

Meeting Report

22nd Club Meeting / Annual General Meeting (AGM) for Rotary Year 2020-2021 held on 16.12.20

ANNUAL GENERAL MEETING (AGM) PROCEEDINGS

President Dinesh started the AGM as follows:

Formal adoption of President Nominee Rtn Louis Lim (President for RY 2022/2023):

There were no nominations received and PN Louis Lim was formally adopted as President for Rotary year 2022/2023. President Dinesh invited PN Louis to address the Club. PN Louis thanked members for their endorsement and privilege to be the Club's servant leader. He spoke of the many mentors from the Club as he served as President of Interact Club and Rotaract Club of Singapore City. He added that it was a rare privilege and enriching experience to serve the community as a united club.

- The external accountants were served notice of termination and accounting would be done in-house with effect from 1st February 2021.
- Members who have not settled their dues were urged to do so as soon as possible.
- The Profit and Loss statement was tabled.

President Dinesh thanked members for their participation and closed the Meeting.

Last Week

23rd Club Fellowship Meeting for Rotary Year 2020-2021 held on 23.12.20

OPENING REMARKS

The meeting was opened by Sergeant-at-Arms Rtn Jean-Philippe Lionnet who invited President Dinesh Sharma to take the chair. President Dinesh warmly welcomed all present to the 23rd and last weekly meeting of 2020, a year which we were unlikely to forget.

President Dinesh Sharma

TOAST TO ROTARY INTERNATIONAL

Rtn Mukundan Appadurai Paramashivan

Toastmaster, Rtn Mukund noted that the year has seen plans being taken back, even though Rotarians have not taken a step back. He called on members to raise a toast to Rotary International and continue to uphold the ideals of Rotary.

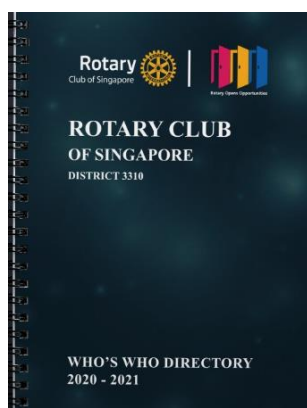

CLUB'S RESOLUTION FOR CHALLENGE FOR POSITION OF DISTRICT GOVERNOR (RY 2023-2024)

President Dinesh reminded members of the proposed Resolution which was announced at the last meeting in respect of the Club's proposal of PP Dr Yap Lip Kee to be the challenging candidate for the post of District Governor 2023-2024. He called on members to raise their hands if there were any objections – none were received, and the Resolution was unanimously adopted.

PP Dr Yap Lip Kee

WHO'S WHO DIRECTORY (RY2020-21) / ROTARY CALENDAR 2021

President Dinesh noted that last year's directory was distributed in June, therefore it was decided to have this year's directory to include the 15 new members' as well as the new members from last year to be added. He also advised that the directory was printed on first name basis.

He also took the opportunity to thank PP Lip Kee for the complimentary calendars which together with the directories would be couriered to members.

However, President Dinesh requested members who were in the vicinity of the Secretariat to inform Ms. Linda for self-collection of these items.

Last Week

23rd Club Fellowship Meeting for Rotary Year 2020-2021 held on 23.12.20

FELLOWSHIP TIME!

President Dinesh announced that fellowship would start with two performances by pianist Rtn. Corinna Chang and comedian Mr Fakkah Fuzz, after which members would be invited to various break out rooms for further fellowship and to exchange greetings. Following is some information of the two performers:

Corinna Chang, an award winning pianist, lecturer and adjudicator is a Singapore Government scholar that did her Honours in Piano Performance at Adelaide University. She subsequently furthered her music studies in the United States in music pedagogy with special emphasis on nurturing gifted children.

In 2005, she was the founder of Klassique Musik that nurtured many prize winning musicians that have won in Hong Kong, Italy, Greece and the United States.

Corinna has performed in Bali, Surabaya in May 2018- during the bombings, Thailand and at Carnegie Hall, New York City in 2015 and 2016. Most recent performances in December 2020 include the Rotary Singapore Institute, World Peace Musical Festival (Star Performer) and the Symposium for Human Excellence.

She was appointed Asian Organiser of the Chicago International Music Competition in July 2019 which involved participants from Indonesia, Philippines, Thailand and Singapore.

In August 2020, Corinna became a host of Musicahan, a new music and education program in the Philippines which premiered on Channel E.

Starting her Rotarian journey in August 1, 2016, Corinna is President of Rotary Club of Suntec City and firmly believes in serving others and feels that music will serve as a bridge to everyone to unite in the spirit of camaraderie and solidarity.

She wishes everyone at Rotary Club of Singapore joyous tidings in the Holiday Season.

Fakkah Fuzz is a Singapore hottest, funny, hilarious upcoming standup comedian. He was the first Singaporean to be featured on Netflix Comedy Special.

The Guide to Daily Living

Before doing the things we want to do, consider first, the Precepts of the guide. Ask ourselves these 4 questions and act upon them:

First: *Have I spent some time in self-examination?*

Second: *Have I spent quality time with my family?*

Third: *Have I given my best to my work?*

Fourth: *Have I given some time to someone near and far?*

The Guide, in fact, encompasses the 4 parts of the Object of Rotary.
